

Hi everyone!

Our next rehearsal is on Wednesday the 28th of January back in the Dome as usual. The Soak is booked again for 10pm.

If you can't make the rehearsal (or are still on this mailing list despite no longer participating in the band and we haven't been in contact already), please let me know!

At the end of the rehearsal, please could everyone make sure they are helping percussion pack away, as well as putting their own stands and chairs back. If anyone had any issues with music last week, please get in contact as soon as possible so I can rectify it.

01 UNIBRASS FORM

Thank you to all of those who have filled out the UniBrass attendance form I sent out last week, I'm just waiting for 2 more replies so if you are one of those people, please fill it out as soon as you read this!

For those who have filled it out, you're in for a treat! There's now another form everyone needs to fill out, but from the competition organisers. This needs to be completed by the Friday the 30th or the competition won't let you perform. This form is slightly tricky in how it demands the exact same spelling of names as I have them on the register, so I'll be in contact with you individually if this is an issue.

University Music welcomes students, staff, and community members from all disciplines to take part in our rehearsals, including musicians who may require reasonable adjustments. Reasonable adjustments can be given for a variety of reasons - please remember that not all conditions warranting reasonable adjustments are visible - and University Music is committed to supporting all members.

If anyone has any questions regarding our support for musicians during University Music activities, please don't hesitate to contact our Equality and Diversity representative, Dwight, our Health and Wellbeing representative, Hat, or the University Music and Concerts Team.
